GELMAN, ROSENBERG & FREEDMAN

July 2, 2018

To the Board of Directors International Association of Schools of Social Work, Inc. Alexandria, Virginia

We have audited the financial statements of the International Association of Schools of Social Work, Inc. (IASSW) for the year ended December 31, 2017, and have issued our report thereon dated July 2, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 7, 2017.

Professional standards also require that we communicate to you the following information related to our audit.

• Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by IASSW are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2017. We noted no transactions entered into by IASSW during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

We noted two new accounting principles that will be adopted at the required implementation dates.

1. ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* (Topic 958), effective for fiscal years beginning after December 15, 2017. While the ASU will change the presentation of the financial statements in the year of implementation, it will not alter the reported financial position.

4550 MONTGOMERY AVENUE, SUITE 650 NORTH, BETHESDA, MARYLAND 20814 (301) 951-9090 • Fax (301) 951-3570 • <u>WWW.GRFCPA.COM</u> 2. ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606), effective for fiscal years beginning after December 15, 2018. The ASU dictates revenue recognition to be based on the transfer of promised goods or service to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent and clear.

• Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

• Discussions Prior to Retention

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as IASSW's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

• Planned Scope and Timing of the Audit

We performed our audit according to the planned scope and timing previously communicated to you in our engagement letter and our other letter on planning of the engagement dated November 7, 2017.

• Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 2, 2018.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

• Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

• Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to IASSW's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

• Independence and Non-Audit Services Provided by Audit Firm

In accordance with professional standards, during the fiscal year and currently, all members of our firm were independent with respect to IASSW.

All our time and expenses incurred by us were in connection with our annual audit.

This information is intended solely for the use of Board of Directors and management of the International Association of Schools of Social Work, Inc., and is not intended to be, and should not be, used by anyone other than these specified parties.
